23 November 2026

ATNS Board and EXCO Reaffirm Commitment to Transparency and Data Integrity Following Media Reports

Air Traffic and Navigation Services (ATNS) SOC Limited, led by its Board of Directors and Executive Committee (EXCO), welcomes the South African Weather Service's (SAWS) initiative to undertake a comprehensive reconciliation of air traffic movement data.

As a long-standing and committed aviation partner, ATNS stands firmly behind full transparency, accountability and operational excellence.

ATNS looks forward to working closely with SAWS, its appointed specialists, Airports Company South Africa (ACSA) and other airport operators to ensure a thorough, seamless, and collaborative review process.

The Board and EXCO have stated in recent media engagements that they treat the Auditor-General's findings with the utmost priority and are directly overseeing decisive, structural upgrades to our IT governance, billing system access controls and data-integrity protocols.

ATNS is dedicated to ensuring complete accuracy in aviation tariff collections and reinforcing stakeholder confidence across South Africa's aviation ecosystem.

Ends//

Issued on behalf of the ATNS CEO, Mr Matome Moholola.
