ATNS DONATES FULLY RESOURCED SCIENCE LABORATORY TO RURAL SCHOOL

In a significant stride towards enhancing educational resources, Air Traffic and Navigation Services (ATNS) SOC Ltd, in collaboration with the Department of Basic Education (DBE), officially handed over a fully equipped Science Laboratory to Mabushe Secondary School, situated in Ramalema, Tickyline Village, Limpopo. This initiative highlights ATNS' commitment to fostering educational excellence and supporting rural communities.

Established in 1986, Mabushe Secondary School is a quintile 2 institution, staffed by nineteen dedicated educators and serving a student body of 550 learners. The newly donated laboratory is poised to elevate the standard of science education, providing a state-of-the-art environment conducive to teaching and learning.

The primary objective of this donation is to promote a high level of professionalism among educators, instill a passion for quality education, and offer diverse learning streams that broaden career opportunities for learners.

To date, ATNS, in partnership with the DBE, has successfully donated science laboratories across all nine provinces, significantly benefiting rural-based learners and educators. This initiative is a testament to the power of collaboration in driving educational advancement and community development.
