1. GENERAL INFORMATION AND INSTRUCTIONS TO BIDDERS

1.1. Background and Introduction

The Air Traffic and Navigation Services (ATNS) Company of South Africa is the major provider of air traffic management, communication, surveillance, navigation and associated services (including training) within South Africa. ATNS manages 10% of the world's airspace.

Standing strong with over 1100 employees, ATNS strives to continuously provide safe airspace, orderly, expeditious and efficient management of Air Traffic Management services. The company operates at 21 aerodromes within the country, including OR Tambo, Cape Town and King Shaka International Airports.

In the rest of the African Continent, ATNS provides amongst others the Aeronautical Satellite Communication (VSAT) networks.

This service extends from Cape to Cairo interconnecting more than 33 states in Africa and Middle East. Other services include ATS and technical training, WGS 84 surveys, airspace design, AIP documentation, billing and consultancy services.

Vision

ATNS's Vision is to be the preferred supplier of air traffic management solutions and associated services to the African continent and selected international markets.

Mission

Our Mission is to provide safe, expeditious and efficient air traffic management solutions and associated services, whilst ensuring long-term economic, social and environmental sustainability.

- Our business is driven through our embedded Values, being:
- Accountability
- Safety and customer service
- Continuous improvement and innovation
- Employee engagement and development
- Fairness and consistency

- Open and effective communication

The Air Traffic and Navigation Service Company Limited (ATNS) is a State-Owned Company (SOC), established in 1993 in terms of the ATNS Company Act (Act 45 of 1993) to provide air traffic management solutions and associated services on behalf of the State. These services accord with International Civil Aviation Organisation (ICAO) standards and recommended practices, and the South African Civil Aviation Regulations and Technical Standards. As an air navigation services provider (ANSP), ATNS is governed by the nation's legislative and administrative framework.

ATNS is also a commercialised ANSP operating on the “user pays” principle that relies on current revenues and debt funding for its operational and capital expenditure requirements.

Our business offerings are divided into Regulated and non-regulated activities:

Regulated Business

At present 90% of ATNS's revenue is facilitated through its regulated business:

Air navigation services and infrastructure

The principal activities of ATNS's regulated business encompass the planning, operating and maintenance of safe and efficient air traffic management services in the airspace for which the State is responsible. Airspace infrastructure consists of the following main components:

- Communications, navigation and surveillance (CNS) infrastructure.
- Auxiliary aviation services, such as aeronautical information publications, flight procedure design and aeronautical surveys.
- Air traffic management.

ATNS's infrastructure development is informed by user expectations and regulatory requirements at a global level; as well as the needs of the air traffic management (ATM) community and new enabling technologies.

Air traffic service charges

As a monopoly service provider, ATNS is regulated economically by the Economic Regulating Committee (RC) that is a statutory body formed and appointed by the Shareholder, the Department of Transport (DoT). The RC is empowered by the ATNS Company Act (Act 45 of

1993) to issue permission to ATNS. The permission regulates the increase in specified tariffs that ATNS can issue and lays down minimum service standards requirements for the regulated business. ATNS is, through the permission, authorized to levy air traffic service charges on users (aircraft operators) for the use of air navigation infrastructure and/or the provision of an air traffic service. The permission has a five-year life span.

Training institution

ATNS runs a successful training institution as a division within the Company, namely: the Aviation Training Academy (ATA). The ATA provides a full range of air traffic services training, technical support training and related training to delegates in South Africa and the broader African continent in the disciplines of engineering, air traffic services and management. The ATA is an ISO9001:2000 accredited institution and has international cooperation agreements in place with partners, enabling the academy to maintain mutually beneficial partnerships in the presentation and accreditation of international courses in air traffic services (ATS). The ATA is a world-renowned academy, and in both 2012 and 2013 was formally recognized as the International Air Transport Association (IATA) Worldwide Top Regional Training Partner.

Non-Regulated Business

ATNS's non-regulated business currently contributes 10% of the Company's revenue. The non-regulated business encompasses a long-term strategy to facilitate regional expansion through a subsidiary vehicle presently known as "ATNS International". ATNS International will enable the Company to take a more robust and agile stance in the non-regulated business market without posing undue risks to its regulated market and Shareholder. It will also enable ATNS to enter into joint ventures and partnerships with external suppliers so that the Company can harness more valuable market opportunities and extend its regional influence and reach.

Additional information is available on ATNS website – www.atns.co.za

BIDDERS MUST TAKE NOTE OF THE EVALUATION PROCESS THAT WILL BE FOLLOWED

4. EVALUATION PROCESS

4.1 Compliance With Minimum Requirements Criteria

All bids duly lodged as specified in this Request for Bid will be examined to determine compliance with bidding requirements and conditions. Bids with deviations from the requirements / conditions, will be eliminated from further consideration.

4.2 Technical mandatory requirements, Price and points system

All bids will be evaluated as follows:

The First stage, bids will be evaluated in line with the B-BBEE Codes of Good Practice.

The Second stage, Bids will be evaluated for **Mandatory Technical Requirements**. During this stage, Tender response documentation will be evaluated against compliance to the Mandatory documents required. Failure to submit Mandatory documents will result in disqualification.

The Third stage, bids will be evaluated in terms of the **80/20 Scoring system**. Only bids that provide all documentation requested for **Technical Mandatory Requirements** will be evaluated during this stage

4.3 Bid Response Evaluation

The evaluation of responsive Bids shall be conducted by a panel appointed by the Company following a four-stage process as follows:

First Stage: Initial Screening (Pre-Qualification Criteria).

4.4 PREFERENTIAL PROCUREMENT REFORM:

THE PREFERENTIAL PROCUREMENT REGULATIONS, 2011 PERTAINING TO THE PREFERENTIAL PROCUREMENT POLICY FRAMEWORK ACT, ACT NO 5 OF 2017.

Black Economic Empowerment is one of the essential objectives of ATNS. In accordance with government policy, ATNS insists that the Bidders demonstrates its commitment and track record to Black Economic Empowerment in the areas of ownership (shareholding), skills transfer, employment equity and procurement practices, (SMME Development) etc.

In accordance with the Preferential Procurement Policy Framework Act (PPPFA) and the Code of Good Practice of the Republic of South Africa, this Bid will be adjudicated in terms of functionality and a scoring system for Price and B-BBEE using the 80/20 or 90/10 scoring system. Bidders are required to submit original and valid B-BBEE Status Level Verification Certificates or certified copies thereof and or Original B-BBEE affidavit certified by the commissioner of Oath, together with their Bid responses, to substantiate their B-BBEE rating claims. Failure to submit a valid B-BBEE certificate will result in the Bidder not qualifying for preferential points.

In addition, the Preferential Procurement (PP) requirements as per the ATNS Procurement Policy which states that ATNS shall deal with suppliers in accordance with the B-BBEE Codes of Good Practice will be taken into consideration. ***In particular, ATNS shall give preference to local suppliers with B-BBEE contribution level 1 to level 4.***

Suppliers not meeting the requirements of the Preferential Procurement requirements (PP) are required to clearly identify any possible teaming arrangement which could be established with South African B-BBEE compliant enterprises, and which could result in significant Transfer of Technology and Skills development. Any workable plan to train and promote black businesses or individuals through meaningful participation in this project will be considered favourably by the Company during the Bid evaluation process.

Partnership must be in the form of Joint Ventures/Consortium/Partners Agreement between compliant B-BBEE and non-B-BBEE Organisation/or foreign supplier in order to meet the policy requirements.

All responsive Bid offers shall be evaluated in terms of functionality and scoring system for Price and B-BBEE. **The 80/20 Preference Point System shall be applicable in accordance with the Preferential Procurement Framework Act (No.5) of 2000.**

During this stage Bid response documents will be reviewed to assess adherence to submission instructions, and compliance to TAX Requirements. The table below summarises the required adherence to the submission instructions and shall also be used by the Bidder as a checklist for the completeness of the submission:

Rate of Exchange Variation

Installation Contract:

ATNS shall not be liable for the Rate of Exchange Variation under the Contract for Acquisition Phase. The Contract Price shall be a fixed in Rands for the Acquisition Phase. Should there be any variation/change to the Contract Price due to a change in the rate of exchange, such price variation/change shall be for the account/cost of the Contractor/Service Provider.

Option and CVO:

Any options: ATNS shall not be liable for the Rate of Exchange Variation under the Contract for Acquisition Phase. The Contract Price shall be a fixed in Rands for the Acquisition Phase. Should there be any variation/change to the Contract Price due to a change in the rate of exchange, such price variation/change shall be for the account/cost of the Contractor/Service Provider.

or Contract Variation:

Contract shall be varied only by variations approved by the Engineer. Either the Contractor or the Company may submit variations to the Contract. Any additional work or expenses incurred by the Contractor in performing activities outside the scope of the Contract and not approved through a Contract Variation shall be at the Contractors cost and no liability shall rest with the Company. Contract Variations shall be submitted to the Engineer for consideration. The Engineer shall, provided the submission is properly documented; approve or reject the Variation within 30 days of receipt at his office and notify the Contractor accordingly.

On approval of a Contract Variation the Engineer shall issue a Contract Change Notice amending the Contract as appropriate.

At the commencement of each of support, the Contractor shall Hedge the foreign content for that year, and any variation between spot rate on submission of the invoice and the Hedged Rate shall be for the account or credit of ATNS.

The Contractor shall provide the total estimated foreign component cost of the support maintenance cost over the duration of the contract.

The Contractor shall provide the foreign component cost in the 1st year and provide the percentages on how the support maintenance cost escalates every year over the duration of the maintenance contract period.

The Bidder shall provide the estimated local escalation costs and percentage for each year for the duration of the project as indicated on the table below.

The Contractor shall provide the total cost for the maintenance in **foreign currency**. Please see the annexure B below for the template.

Support maintenance contract	Foreign Currency Amount	Percentage Escalations
Year 1	300,000.00	
Year2	330,000.00	10%
Year 3	379,500.00	15%

The Contractor shall provide the total cost for the maintenance in **local currency**. Please see the template below: Annexure C

Support maintenance contract	Local Currency Amount	Percentage Escalations
Year 1	300,000.00	
Year2	330,000.00	10%
Year 3	379,500.00	15%

Rules that apply when exchange cover on a fixed term basis is a condition of the contract:

The Contractor shall, within 14 [fourteen] fourteen days of receipt of the contract (or if an export permit is required within 14 [fourteen] days after receipt of such permit) or such extended period as agreed upon at the time, arrange exchange cover for the total exchange amount which cover may not exceed the contractual term and shall be transferred abroad on a fixed term basis. Once the currency futures have been issued, the Company's finance division must be provided with a copy of such currency futures.

Should the currency futures not be taken out within the prescribed period, then, subject to the provisions of paragraph one of the following two rates, whichever is to the best advantage of the company, shall be used for calculation purposes:

- the spot rate applicable on the last day of the prescribed period;
- the actual rate applicable to the currency futures.
